

## High Grade Oxfords at a Moderate Price

This is an exact reproduction of our style 250 Soft Kid, Low Shoes, with extension soles. They are made on a last that gives plenty of room across the ball and prevents cramping; while the snug fit over the instep and around the ankle keeps the foot from slipping up and down.

They have military heels, patent leather tips, and come in either black or brown.

### ARRIVAL OF TRAINS.

The following was the 4 o'clock report of the arrival of Santa Fe passenger trains:  
No. 1—Reported to arrive at 9:30. All other trains reported on time.

Mrs. Oscar Goebel of Belen is spending the day in the city visiting and shopping.

E. J. Wilson, city salesman for the Armour Packing company, left this morning for Chicago, where he is called on business.

Percy E. Barbour of the Navaho Gold Mining company, operating in the Cochiti district, is in the city on one of his periodical trips.

M. L. Stern, of the firm of Stern, Schloss & Co., returned today from Denver, where he was called a few days ago by the death of a sister.

The interior of A. J. Maloy's grocery store is being treated to a new coat of paint, and other improvements. The store counters have been refaced and varnished.

Charles Palmer of Vincennes, Ind., who came here a few months ago, has concluded to remain, and has sent for his household goods. Mr. and Mrs. Palmer are located at 110 East Coal avenue.

Mrs. F. F. Trotter, who has been at Long Beach, Cal., on a visit to Mr. and Mrs. William Bell, will return to the city tonight or tomorrow morning. Mr. Bell is now associated with H. S. Munson in the fruit business at Long Beach.

There will be no special meeting of the city council, as reported, but the franchise matter for a line on the Highlands will come up for action at the regular meeting of the council next Monday night.

The Winslow Mail says: Miss Henrietta Dye of Albuquerque arrived and will keep house for her father, Thomas Dye, who is taking Mr. Greaves' place in the establishment of Greaves & Dye, during his absence.

Steel rails and ties are now strewn along the entire extension of the Traction company, from the corner of Second street and Railroad avenue to New York avenue, thence to Twelfth street and north to the lumber mills. Work, it is understood, will now be pushed rapidly.

Mr. and Mrs. P. Scheck of 423 North Fifth street, expect to leave tomorrow morning for a visit to Mr. Scheck's parents at Mascoutah, Ill. After a short visit at Mascoutah, they go to Barton, Kas., the home of Mrs. Scheck's parents. They expect to be absent from the city about a month.

J. F. Silva, school superintendent and deputy collector and treasurer of Sandoval county, is in the city today, and this morning deposited \$6,740.34 of Sandoval county funds in the bank here. Mr. Silva is preparing to move from Bernalillo back to his country home at Los Corrales, the season for collecting taxes being about over.

Mrs. T. E. Wheeler, who has been keeping house here for her brother, Conductor Jack Mulhern on the run between this city and La Junta, expects to leave in a few days for Chicago, where she will visit relatives and friends for a few weeks. Another brother, Conductor Tim Mulhern, on the run between Winslow and Seligman out west, is here enjoying a lay off of a few days.

The membership of local Typographical union No. 304 have been advised that Thomas D. Pennessy, of Los Angeles, a well known printer throughout the western country, has been elected a trustee of the national printers' home at Colorado Springs, Colo. When cards were sent out recently soliciting votes, every printer in Albuquerque, so it is understood, cast his vote for Pennessy.

James D. May, who sticks by the Cochiti mining district as close as a tick to a cat's ear, returned to the city last night and today is busily engaged telling the local mine owners of the district the many good things in store for the camp in the near future. He says the Navaho company will soon begin work on contemplated improvements and the company hopes to have its tramway project in operation in a few months.

S. C. Adams of the wool commission firm of Brown & Adams, Boston, left this morning east bound, after a short visit to A. Vandewart, his local agent. Mr. Adams was here for the purpose of studying the wool market from buyers' point of view. He said that raisers are holding their wool too high. The prices being asked by the sheepmen is so exorbitant that it is out of the question for the middle man to handle it at a profit.

Mrs. George Neher and two sons, Frank and George, left this morning for the Jemez hot springs, where they will join Mr. Neher, who is spending a few weeks recreating in the coolness of the Jemez mountains. The hot

springs are becoming a very popular place. More than a score of Albuquerque people are sojourning there at present, many of them with the intention of spending the entire summer. Mrs. Neher was accompanied by Mrs. Fred Baxter and children.

## The Golden Rule Clothing Store

The Store for Style, Service and Saving

This picture shows an E. & W. 75c shirt. Notice the curved arm holes, the wide and roomy sleeves, the low-cut neckband at back to protect the skin from collar button. All these are points of shirt-making not often seen in 75c shirts, and mean comfort and service to the wearer. To introduce them we have placed them on sale for one week at the special price of

50c each

There is just as much style to men's shirts as there is to women's shirt waists. Note the fit of the young man's shirt. With E. & W. a man can leave off his coat confident that he will look presentable in the presence of any one.

The reason that we talk E. & W. shirts is shown by the above illustration. They are full in size and fit comfortably. They are so well made; so stylish, and so good in every respect that the maker puts his brand on them. He could not afford to put his brand on them if they were skimpy and cheap. This brand is for your safety. It means that the shirt on which it is found is not only good as to cloth quality but is made right.
